DIKUrevy 1989

# Datalogiens indflydelse på popmusikken

skrevet af ?

*Melodi: Diverse?*

Status: Færdig

($n$ minutter)

## Roller:

**S** ()                    Sanger

———————————————

(Digitaliseringsnote: Det er lige så uoverskueligt i den fysiske udgave. Jeg vil meget gerne vide hvordan dette blev opført.)

Hvem sidder der bag skærmen
med klude om sin hånd
med læderlap for øjet og om sin sko et bånd

(Konferencieren afbryder...)

2.
Let's go to the hop
Let's go to the hop
Let's go to the hop
Let's go to the hop

Love, love me do
You know I live you
I'll always be true
So please
Love me do

Hvorfor er løkken så lunefuld
og hvorfor er glæden så kort
og hvorfor er livet
så meningsløst hårdt

Let it be, let it be
Let it be, let it be
Whisper words of basic
Let it be

We all live in a yellow subroutine, yellow subroutine, yellow
    subroutine
We all live in a yellow subroutine, yellow subroutine, yellow
    subroutine

And if I don't believe in if anymore
It is for children, it is for children

You must remember this
A kiss is just a kiss
A kiss is just a sign
The fundamental things apply
As time goes by

I call by name
But you're not there
Was I to blame
For being unfair

Oh let's be logical (physical)
Logical
Oh let's be logical
Let me hear your body talk

And then they send me away
To teach me how to be sensible
Logical, intelligent, practical

3.
Just a piccolo
Just a piccolo
Just a piccolo

Play a song for me Apple Jack, Apple jack
Play a song for me, and I'll sing
Play a song for me Apple Jack, Apple jack
Play a song for me, let your banjo ring

De kaldte den for minivax
den var sød og den var vax
og selv om den var lille
var den noget så pæn
og vax var min allerbedste ven

Here comes the sun
Here comes the sun, and I say
It's alright

4.
Help! I need somebody
Help! Not just anybody
Help, you know I need someone
Heeelp!

Oh I get by with a little help from my friends
Oh I'm gonna try with a little help from my friends
Oh I get high with a little help from my friends

5.
I just called to say I lov eyou
I just called to say how much I care
I just called to say I love you
and I mean it from the bottom of my heart

Return to sender
Address unknown
No such number
No such code

6.
I loaded sixteen bits
and what did I get
...
...

You say yes, I say no
You stay stop and I say go go go
Oh no
You say goodbye and I say hello

You sing high, I sing low
You why and I say I don't know
Oh no
You say goodbye and I say hello

Er der noget du kan li'
så' det kylling med carry
og når du kommer forbi
så får du kylling med carry

Words don't come easy to me
This is the only way for me to say
I love you
Words don't come easy

Glemmer du, så husker jeg det ord for ord
Alting brast, men det gør heller ikke spor
Minderne har jeg vel lov at ha'
Dem kan du aldrig, nej aldrig ta'
Hver en dag og hver en time har jeg talt
glemmer du, så husker jeg alt.

7.
Born to run
...
...

Killing my software with signals
Killing my latest process
Killing my software with signals
Killing my software with signals
Killing my software with signals
Killing my software with signals

Vers

Vi kan ikke slås ihjel
Vi kan ikke slås ihjel
Vi kan ikke slås ihjel
Vi kan ikke slås ihjel
